As such representation would most heavily affect on account of the reasons referred to in the previous paragraph, it could have been secured by nomination & I enquire whether the device of so that it should be so secured. It is a fact however, that the D.C. has not only not consulted the Assocn but has actually recommended a man who is neither a member of the Assocn nor a person acceptable to the Planters. The D.C. might now that before making his recommendation he should have consulted the Planter's Assocn — or at least some of the more important members of the Assocn

Sir,

In forwarding herewith a copy of letter No. 197 dated 4th July 1930, from the Secretary, Mysore Planter's Association, requesting that a representative of the Association be nominated to the District Board, I am directed to observe that it has been brought to the notice of Govt. that the Planter recommended by you for nomination is neither a member of the -- Association nor one acceptable to the -- planters. Government think that you should have consulted the Planters' Association or at least some of the more important members of the Association before making your recommendation.

2. ~~Government~~ As it is desirable to provide for the representation of the --- Planters' Association on the District Board the only course appears to be to ask one of the Official Members, appointed to the Board, to resign. I am to request you to kindly -- suggest which ~~of the~~ Official members may be asked to resign.

Sir,

With reference to your letter No.L.1022 L.B.30-29-383 dated the 30th July 1930, in re: the nomination of a representative of the Mysore Planter's Association to the Hassan District Board, I have the honour to invite reference to Government Order No.L.2851/L.B.30-29-16 dated 7-10-29 declining to grant the franchise to the said Association to return a member to the District Board. The only way I venture to submit to indulge the Association and remove all ambiguity is to cancel the above Government Order and grant them the franchise.

2. I beg to point out further that the Head Quarter of the Association in question is at Chickmagalur (Kadur District) and the No. of planters, who are residents of this District and who are members of the Association is also small. When the Association shifted their Headquarters from the District, they forfeited ~~profited~~, I think, any right to the claim for representation on the ~~District~~ Board of the Hassan District.

3. As regards the reduction of the No. of Ex-Officio Members on the District Board as suggested in your letter under reply I beg to point out that the No. is only four as noted in the margin, and in my opinion could not be further reduced. If it is
